PROFESSIONAL EXPERIENCE

Full-Stack Engineer & Incubator Startup Founder 2024 - 2025
CertifUp (Incubated Project / Capstone at TEKONSULT) | [\[Video Demo\]](#) Tunis, Tunisia
• Led 0-to-1 product lifecycle: authored a 60+ page feasibility study, surveyed 13 academic institutions (77% digital demand), and benchmarked 22 competitors.
• Architected and built a 4-microservice backend (Java 17, Spring Boot 3, Angular 18/React) with 25+ OpenAPI-compliant REST endpoints.
• Engineered a deterministic test generation engine (SHA-256), real-time WebSocket anti-cheat telemetry, and cryptographic credential vaults (BCrypt, AES-256 GCM).
• Set up automated CI/CD pipelines (Docker, Jenkins) with JUnit/Mockito test gates achieving 88% service test coverage.
Freelance Software Engineer (Independent Contractor) 2022 - Present (3+ Years)
Product Development & Consulting Remote
• Delivered 15+ custom web applications and backend services for international clients, from initial requirements scoping to production deployment.
• Integrated AI/LLM APIs and automated business workflows, reducing manual processing times by >40%.
Software Engineering Internships Jun. 2024 - Sep. 2024
MRC Survey & MBtech Tunis, Tunisia
• **MRC Survey (Backend):** Developed microservices with strict Jakarta Bean Validation and automated unit tests.
• **MBtech (Full-Stack):** Optimized response latency via Redis caching and remediated critical SQL injection and XSS vulnerabilities.

PROJECTS

Compagnie des Phosphates de Gafsa (CPG) - Enterprise TMS | *Spring Boot 4, MariaDB* [\[Video Demo\]](#) 2026
• Digitized logistics across 7 mining extraction basins (>85% reduction in request turnaround, from 3 weeks to <48h), automating 100% purchase order financial reconciliation with 15+ BI KPIs.
YAZAKI Corporation - Talent Intelligence Platform | *Next.js 15, PostgreSQL, Spring Boot 4* [\[Video Demo\]](#) 2025 - 2026
• Engineered an interactive assessment studio with real-time algorithmic gap calculations and ISO 30414 audit compliance across 6 departments (120+ skills).
• Built an Apache POI coordinate parser to migrate legacy multi-sheet Excel matrices with 100% data fidelity.
Enterprise HR & Project Management Platform | *Java 21, React 18, TypeScript, MySQL* [\[Video Demo\]](#) 2025
• Developed a responsive SPA with 17 JWT-secured REST controllers and real-time messaging via STOMP WebSockets.

EDUCATION

TEK-UP (Higher Institute of Technologies) Ariana, Tunisia
National Engineering Diploma in Software Engineering 2023 - 2025
• **Focus:** Software Architecture, Distributed Systems, Relational Modeling & Project Management
ISSAT Gafsa (Higher Institute of Applied Sciences and Technology) Gafsa, Tunisia
Master's Degree in Data Science (First Year - M1) 2022 - 2023
• **Focus:** Artificial Intelligence, Machine Learning, Python & Statistical Analysis
ISSET Gafsa (Higher Institute of Technological Studies) Gafsa, Tunisia
Higher Diploma in Information Systems Development (DSI) 2019 - 2022
